

The Parish Community of Saint Anne  
2328 East Lehigh Avenue  
Philadelphia, PA 19125

Dear Members of our St Anne Community:

We are really in need of help with this one. Our beautiful church may be without heat any day now as the boiler/heater is on its last legs. Unfortunately this will be a very expensive problem to fix and as you know, we have minimal reserves for a break down of this magnitude.

We are looking at a repair bill of upwards of \$52,000 dollars. And this estimate includes lots of donated time on the part of the installers. The Parish Counsel has decided to launch a "Go Fund Me" account on the Internet which will go live shortly. We are asking everyone to make as hefty a donation as you can individually, and then to direct your friends, alumni, family, co-workers and as many St Ann'ers as you can find, to the [gofundme.com](https://www.gofundme.com/2udsw8ww) web site:

<https://www.gofundme.com/2udsw8ww>

Our campaign is titled "Help keep St Anne Warm". Don't forget that it will take 2 to 3 months to get the new boiler in, and that all donations are tax deductible. More information is in the bulletin regarding this website.

As always, thank you for all you do.

Your Parish Council,

Mike Dugan

Mary Fran Greene

Anne McKenna

Jean Post
